

Introducing **GVIBUY** Department of Property & Procurement

What is GVIBUY?

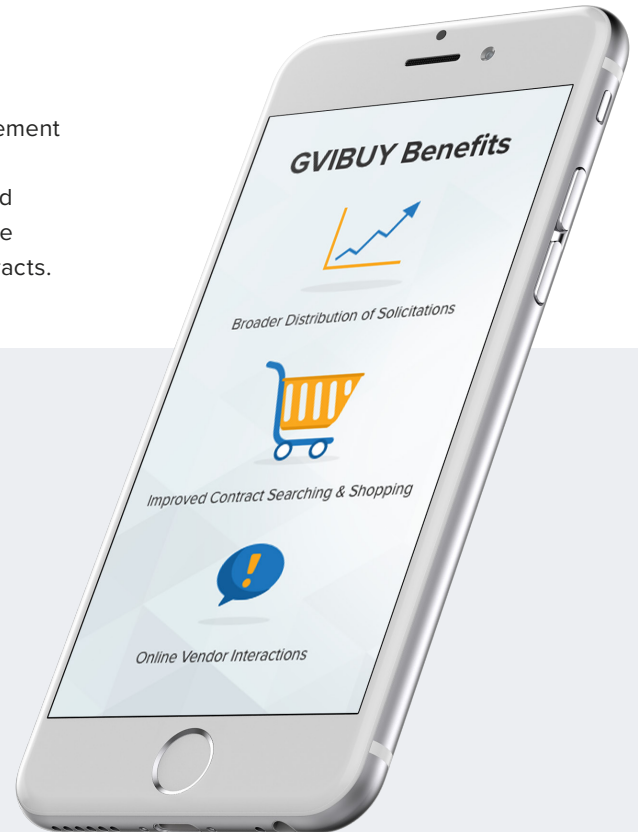

The United States Virgin Islands (USVI) is implementing a new eProcurement solution, GVIBUY, that will transform the procure-to-pay process for all agencies in the Territory. GVIBUY is powered by Periscope Holdings and will include a new exciting feature called the Periscope Marketplace. The Marketplace allows buyers to shop directly from a catalog of USVI contracts.

How will things change?

GVIBUY will be the single source for procurement, contract lifecycle management and purchasing activity in the USVI. You'll use GVIBUY to respond to bid solicitations, manage awarded contracts, receive purchase orders, and issue invoices.

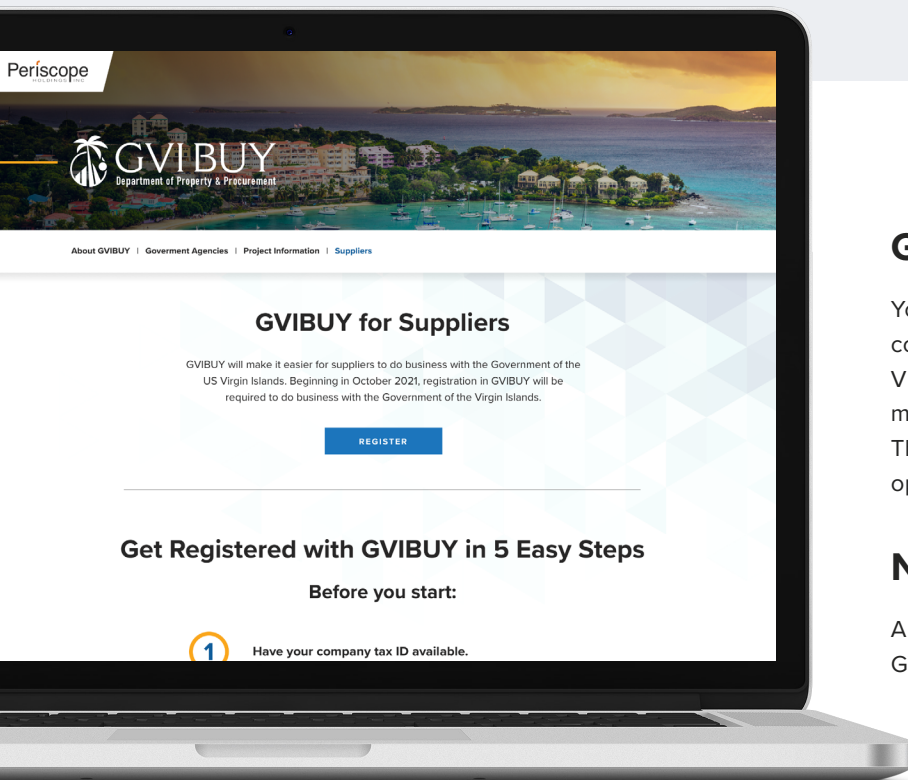

How will this benefit your business?

You'll no longer have to deal with solicitation responses and purchase orders from a variety of systems and emails and you'll be able to invoice directly through GVIBUY. The Governments procurement and purchasing interaction with you, as a vendor, will all be in GVIBUY. This will make the procurement, contract management, and purchasing processes faster and more efficient.

Have Questions?

If you have any questions or need support registering in GVIBUY, please do not hesitate to contact vendormanagement@dpp.vi.gov

GVIBUY registration requirements

Your company is required to register in GVIBUY in order to continue doing business with the Government of the United States Virgin Islands. The Department of Property and Procurement may begin issuing Bid Solicitations as early as October 2021. The sooner you register, the sooner you can participate in new opportunities. Registration and use is free to suppliers!

Need help getting registered?

A helpful registration guide and more can be found on the GVIBUY information website periscopeholdings.com/gvibuy
